1. The following is an examiner's statement of reasons for allowance: the amendment filed 11/18/2004 has overcome the prior art of record. The prior art of record fails to teach or fairly suggest latch section includes first and second inverters and a latch section activating circuit, said first inverter includes first to third inverters, and the second inverter includes fourth to sixth inverters as called for in claim 2. Therefore, claims 2-8 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
